APRIL 27, 2010

To whom it may concern:

I'm writing this letter in support of SOCKS and Scottie Moore. My experience with SOCKS has been great, I have recently become disabled and can no longer work, I was very concerned about the cost of spaying and neutering my cats. I was so lucky to find this organization. Scottie has made everything clear and easy, she set up the appointments for the procedures, she provided the fees and has given me peace of mind.

Recently Scottie Moore helped me with an emergency medical issue I had with one of my cats Lilly, she had a very serious wound on her tail, being that this occurred on a weekend, I knew that an emergency visit to the Vet would be very expensive. I called Scottie and she made a few phone calls and was able to get someone who would see Lilly, however, to make matters worse my vehicle was not running, Scottie came over to my house and picked Lilly up and personally took her to the Vet. Lilly had stitches placed in her tail, was given an antibiotic shot and I was provided with follow up antibiotics. After the required 10 day waiting period, Scottie came back to take Lilly for a follow up visit, the stitches were removed and I was given more antibiotics, all of this was done at no cost to me.

Scottie Moore has gone above and beyond. I really appreciate everything Scottie has done for me and my children are so happy as well. I don't know what we would have done without the help of this organization. This is a difficult time for not only me but, a lot of people have fallen on hard times and it is a comfort to know that an organization like SOCKS is there to help.

Sincerely,  
Toni.

To who it may concern,

The socks organization has been a blessing to our family, cats and kittens. They have helped with our sick kittens with providing medicine and food. They even took the time to help me get my older male cat neutered. They helped me with shot's for my older cat and came to my home to check on the kittens with getting nothing in return and this is something you cannot find these days (a person who cares and does not expect anything) but to help these poor animals with families that need support. We could not have done this financially on our own and thank God that the Socks program found us and came to our aid, it truly has been a blessing to us and our cats for all there help.

Please keep this program alive and running if you love animals like I know Sock's and we do.

Sincerely,  
Sue and Motley

To whom it may concern,

I'm writing this statement on behalf of the SOCKS program. I found out about the program from a neighbor of mine. She gave me the phone number of Scottie Moore. Me and my neighbor had both saved these cats from the complex. She told me how great the people and program were. I called Scottie & she was so kind and nice. She agreed to send me vouchers for both my cats. I was thrilled that I was going to be able to finally help my kittys. Next we met and she hand delivered the

vouchers to me. The following Sunday we took Thunder & Max for their surgery, shots and even Advantage flea treatment. The people were all wonderful and so kind and I knew my cats were in the best hands. I just want to say that I don't know what I or a lot of people would have done if it weren't for people like Scottie Moore and the SOCKS program. They are truly saving the lives of so many animals and preventing the unnecessary deaths of so many. Please help to keep these programs going for the animals.

My sincere thanks go to Scottie and the SOCKS program.

Sincerely,  
Tara
